What do you do when your life feels as busy as a three-ring circus? Juggling Elephants tells a simple but profound story about one man with a universal problem. Mark has too much to do, too many priorities, too much stress, and too little time. As he struggles to balance his many responsibilities without cracking under the pressure, Mark takes a break to attend the circus with his family. There he has a surprising conversation with a wise ringmaster. He leaves with a simple but powerful lesson: Trying to get everything done is like juggling elephants -- impossible. So Mark begins to think about his work, family, and personal life the way a ringmaster thinks about the many acts in a three-ring circus. He discovers that managing his various acts can be fun and easy once he changes his attitude and follows his new friend's ongoing guidance. Mark soon realizes: • If you keep trying to juggle elephants, no one, including you, will be thrilled with your performance. • A ringmaster cannot be in all three rings at once. • The key to the success of a circus is having quality acts in all three rings. • Intermission is an essential part of any good circus. Juggling Elephants is a wonderfully lighthearted guide for everyone who feels like they're about to be squashed. It will help you better focus your time and energy, so you'll be able to enjoy more of the things that are important to you. Above all, it will teach you how to run your circus, instead of letting the circus run you.

Ranging from ragtime to bebop and from Bennie Moten to Charlie Parker, this work aims to capture the golden age of Kansas City jazz. It showcases the lives of the great musicians who made Kansas City swing, with profiles of jazz figures such as Mary Lou Williams, Big Joe Turner, and others.

(Expressive Art (Choral)). First We Sing! Kodaly-Inspired Teaching and its companion volumes offer guidance and direction for teachers who are new to the Kodaly approach. Experienced teachers will find fresh ideas to supplement their materials, along with another perspective on Kodaly's philosophy and its implications for teaching today. This TEACHING GUIDE begins with an overview of the Kodaly approach and a brief introduction to the philosophy, its tools and materials. It includes a detailed explanation of the "three-step process" (Prepare, Present, Practice) toward musical literacy, as well as a comprehensive look at musical skills and the ways they develop over time. Teachers will find K-5 curriculum mapping and yearly plans to daily lesson plans, suggestions for choosing and using quality repertoire and building a personal song collection. Lists of easy-to-find songs suggested for reading and writing at each grade level are included, indexed by element and motive.

Records the courage and self-reliance of an Indian girl who lived alone for eighteen years on an isolated island off the California coast when her tribe emigrated and she was left behind.

First the white members of Raj Bhatt's posh tennis club call him racist. Then his life falls apart. Along the way, he wonders: where does he, a brown man, belong in America? Raj Bhatt is often unsure of where he belongs. Having moved to America from Bombay as a child, he knew few Indian kids. Now middle-aged, he lives mostly happily in California, with a job at a university. Still, his white wife seems to fit in better than he does at times, especially at their tennis club, a place he's cautiously come to love. But it's there that, in one week, his life unravels. It begins at a meeting for potential new members: Raj thrills to find an African American couple on the list; he dreams of a more diverse club. But in an effort to connect, he makes a racist joke. The committee turns on him, no matter the years of prejudice he's put up with. And worse still, he soon finds his job is in jeopardy after a group of students report him as a reverse racist, thanks to his alleged "anti-Western bias." Heartfelt, humorous, and hard-hitting, Members Only explores what membership and belonging mean, as Raj navigates the complicated space between black and white America.

Become more culturally competent in an increasingly diverse world Recent years have seen dramatic changes to several institutions worldwide. Our increasingly interconnected, digitized, and globalized world presents immense opportunities and unique challenges. Modern businesses and schools interact with individuals and organizations from a diverse range of cultural and national backgrounds—increasing the likelihood for miscommunication, errors in strategy, and unintended consequences in the process. This has also spilled into our daily lives and the way we consume information today. Understanding how to navigate these and other pitfalls requires adaptability, nuanced cross-cultural communication, and effective conflict resolution. Use Your Difference to Make a Difference provides readers with a skills-based, actionable plan that transforms differences into agents of inclusiveness, connection, and mutual understanding. This innovative and timely guide illustrates how to leverage differences to move beyond unconscious biases, manage a culturally-diverse workplace, create an environment for more tolerant schooling environments, more trusted media, communicate across borders, find and retain diverse talent, and bridge the gap between working locally and expanding globally. Expert guidance on a comprehensive range of topics—teamwork, leadership styles, information sharing, delegation, supervision, giving and receiving feedback, coaching and motivation, recruiting, managing suppliers and customers, and more—helps you manage the essential aspects of international relationships and cultural awareness. This valuable resource contains the indispensable knowledge required to: Develop self-awareness needed to be a cross-cultural communicator Develop content, messaging techniques, marketing plans, and business strategies that translate across cultural borders Help your employees to better understand and collaborate with clients and colleagues from different backgrounds Help teachers build safe environments for students to be themselves Strengthen cross-cultural competencies in yourself, your team, and your entire organization Understand the cultural, economic, and political factors surrounding our world Use Your Difference to Make a Difference is a must-have resource for any educator, parent, leader, manager, or team member of an organization that interacts with co-workers and

customers from diverse cultural backgrounds.

Acoustic Properties: Radio, Narrative, and the New Neighborhood of the Americas discovers the prehistory of wireless culture. It examines both the coevolution of radio and the novel in Argentina, Cuba, and the United States from the early 1930s to the late 1960s, and the various populist political climates in which the emerging medium of radio became the chosen means to produce the voice of the people. Based on original archival research in Buenos Aires, Havana, Paris, and the United States, the book develops a literary media theory that understands sound as a transmedial phenomenon and radio as a transnational medium. Analyzing the construction of new social and political relations in the wake of the United States' 1930s Good Neighbor Policy, *Acoustic Properties* challenges standard narratives of hemispheric influence through new readings of Richard Wright's cinematic work in Argentina, Severo Sarduy's radio plays in France, and novels by John Dos Passos, Manuel Puig, Raymond Chandler, and Carson McCullers. Alongside these writers, the book also explores Che Guevara and Fidel Castro's *Radio Rebelde*, FDR's fireside chats, Félix Caignet's invention of the radionovela in Cuba, Evita Perón's populist melodramas in Argentina, Orson Welles's experimental New Deal radio, Cuban and U.S. "radio wars," and the 1960s African American activist Robert F. Williams's proto-black power *Radio Free Dixie*. From the doldrums of the Great Depression to the tumult of the Cuban Revolution, *Acoustic Properties* illuminates how novelists in the radio age converted writing into a practice of listening, transforming realism as they struggled to channel and shape popular power.

Discusses the best methods of learning, describing how rereading and rote repetition are counterproductive and how such techniques as self-testing, spaced retrieval, and finding additional layers of information in new material can enhance learning.

Early math skills are crucial to children's math and school success in the following years. The use of storybooks as a mathematics learning method has been discussed frequently in recent years. Shared book reading allows different mathematical conversations to pass between parent or teacher and child. NCTM (1989) promotes the using of mathematics storybooks as a way of introducing mathematical ideas to children, as it offers a meaningful context for teaching mathematics concepts to children. Shared book reading improves children's problem-solving skills, allows for an exchange of ideas, establishes logical, and may prompt discussion of abstract concepts. This chapter reviews how children learn mathematics and research on the use of storybooks for mathematics skill development. It concludes with examples of how explicit and implicit storybooks, in either paper or digital versions, may be used. Keywords: Storybooks, mathematics, children's learning of mathematics, children's development

Blueprint for Action provides a framework for understanding the dynamics of organizational change in early care and education settings. It helps administrators move beyond a "quick fix" notion of center improvement by serving as a guide for organizational analysis and action. The book details a comprehensive method for assessing program strengths and areas in need of improvement. The heart of this approach is an individualized model of supervision and staff development. Woven throughout the text are numerous vignettes connecting the concepts to real-life situations experienced by early childhood administrators. The book includes 26 assessment tools and 12 worksheets that directors can adapt for use in their own programs.

As a naïve folksinger from Pomona, California, Burgan was thrust to the forefront of the counterculture and its aftermath. The Byrds, the Rolling Stones, the Mamas and Papas, Barry McGuire, Bo Diddley and many others make appearances in this 50th Anniversary reminiscence by the surviving cofounder of WE FIVE, the San Francisco electro-folk ensemble whose million-seller, "You Were On My Mind," entered the world two months before Bob Dylan plugged in an electric guitar at the Newport Folk Festival. Vying with the Byrds to record the first folk-rock hit, Burgan and his lifelong friend Mike Stewart embarked on a road they thought well paved by the latter's older brother, Kingston Trio member John Stewart. Little did they realize that they would join the largest-ever American generation in an ecstatic, sometimes tortured, journey of invention and disillusion. *Wounds to Bind* bears witness to a lost and hopeful convergence in American history—that missing link between the folk and rock eras—when Bob Dylan and Sammy Davis Jr. were played on the same radio station in the same hour. A survivor of the human realignments, tragedies and triumphs that followed, Burgan tracks down the demons that drove the genius of We Five cofounder Mike Stewart and sheds light on the 40-year enigma of what became of the band's reclusive lead singer, Beverly Bivens, a forerunner of Grace Slick, Linda Ronstadt, and Stevie Nicks.

Omi Osun Joni L. Jones provides the first full-length study of an artistic form, the theatrical jazz aesthetic, that draws on the jazz principles of ensemble—the break, the bridge, and the blue note. Theatrical Jazz: Performance, Aesthetics, and the Power of the Present Moment is a study of the use of jazz aesthetics in theatre as created by major practitioners of the form, giving particular attention to three innovative artists: Laurie Carlos, Daniel Alexander Jones, and Sharon Bridgforth. Theatrical Jazz examines how artists are made and how artists make art. In charting their overlapping artistic genealogies, the book also discusses the work of veteran artists Aishah Rahman, Robbie McCauley, Sekou Sundiata, Ntozake Shange, and Erik Ehn, as well as the next generation of theatrical jazz innovators, Grisha Coleman, Walter Kitundu, Florinda Bryant, and Zell Miller III. Using autocritography as a primary methodology, the author draws on her role as performer, collaborator, audience/witness, and dramaturg in theatrical jazz, and her experiences with Yoruba spiritual traditions, to excavate the layers and nuances of this performance form. Jones's use of performative writing, a blend of intellectual, artistic, and sensory experiences, allows scholars and students not only to read but also to "hear" the principles of theatrical jazz on the page.

"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

"But there is more to Branson's fame than just recreation. As Aaron K. Ketchell discovers, a popular variant of Christianity underscores all Branson's tourist attractions and fortifies every consumer success. In this study, Ketchell explores Branson's unique blend of religion and recreation. He explains how the city became a mecca of conservative Christianity - a place for a "spiritual vacation" - and how, through conscious effort, its residents and businesses continuously reinforce its inextricable connection with the divine."--BOOK JACKET.
